

R\_ExpectCovarInfluence

```
graph LR; A[R_ExpectCovarInfluence] --> B[C_ExpectCovarInfluence]; A --> C[ncol]; A --> D[nrow];
```

A diagram illustrating the relationship between R\_ExpectCovarInfluence and its components. R\_ExpectCovarInfluence is shown in a black box on the left, with three arrows pointing to three white boxes on the right: C\_ExpectCovarInfluence (top), ncol (middle), and nrow (bottom).
